## PROJECTS

Portfolio | [Link](#)

- A personal website designed to showcase my skills, projects, and expertise in full-stack development. Built with modern web technologies for a fast, responsive, and visually engaging user experience.

Ghumte Haii – Adventure Travel Platform | [Link](#)

A dynamic platform crafted for solo travelers and adventure enthusiasts, providing essential travel resources like real-time weather, nearby service stations, DIY vehicle repair tips, and a vibrant community chat to connect with fellow explorers.

- **Tech Stack:** MERN (MongoDB, Express, React, Node.js), Tailwind CSS
- **Upcoming Enhancements:** Social media integration and user-generated reviews.

Image Resizer | [Link](#)

- Developed a web-based tool using HTML, CSS, and JavaScript to resize images.
- Ensured ease of use and smooth performance for the resizing functionality.

Password Generator | [Link](#)

- Built a password generator using HTML, CSS, and JavaScript, allowing users to create strong passwords based on customizable criteria.

Digital Clock | [Link](#)

- Created a digital clock with real-time updates using HTML, CSS, and JavaScript.
